### **Personal Coat of Arms (Shield)**

Pencil, Sharpie Marker, and Colored Pencil.

This is my personal shield. I made it to show people some of my characteristics. This idea was not mine originally. My teacher, Mrs. Criswell, gave me some ideas. The most difficult part of the project was drawing the image. The easiest part was coloring the image. I had a lot of fun creating this image, because I love art. The griffin at the top of my shield means strength, while the lion to the right of my shield means courage, and the horse to the left means speed. The bell at the top left of my image means loud. The paintbrush means artistic, and the paper with words means law. I am very loud, and I am also strong willed. I believe in the rule of law and justice for all.
