Slightly Epic Productions and Finn Bros Productions bring to you *Motive*, the suspenseful story of a girl's murder. Intense action, violence, and adventure leads up to the revealing of who really killed the girl. From the producers who brought you *Serious Case of The Runs*, *The Tell Tale Ear*, and *Restricted*, comes the most intense movie of 2009.

"Twists and turns around every corner, *Motive* will blow your mind!"
-Times Union, Albany, New York

CREATE

The word "CREATE" is rendered in a bold, 3D metallic font. The letters are highly reflective, showing bright highlights and deep shadows. The text is set against a dark, almost black background that is filled with faint, glowing blue and yellow light trails and particles, suggesting a cosmic or digital environment. A prominent, glowing blue and yellow light trail curves around the letters, adding a sense of motion and energy to the composition.
